

Dear Parents,

It is always a challenge to ask for the financial support for some of our programs, but I believe that the overall enhancement of students makes the asking worth it. As you approach these requests, please feel free to respond as your individual circumstance dictates. In any case, I am committed to providing these educational experiences to all students, regardless of donations. If you would like to make a donation to support a portion of the expenses for the following items, it would be greatly appreciated.

Suggested donation, \$20-\$25 per family. However any amount is appreciated. Parents in the past have asked me about Venmo. If this is helpful, you can Venmo me User name: D-Moote

Should I happen to receive extra donations above cost, I will inform families. Looking forward to a special year together.
